

One seamless platform

From Hire to Retire

With isolved's HR software, the entire employee journey is connected.

✓ Perform HR tasks from any device at any time.

The HR section of isolved is the central location for managing your employees' information all in one place - no matter where you are.

Information

View current information by employee. Views are set up and customized so you see the information YOU need.

Documentation

Access all documents stored electronically per employee quickly and securely.

Performance Appraisals

Create your own custom reviews and set up email alerts for reminders.

Certifications and Training

Track certification renewals and training status with email reminders and expiration dates.

Record keeping

Document OSHA incidents, disciplinary actions, and keep track of company assets like laptops, tools, and cars.

Onboarding

Streamline the new hire process, and stay compliant with no missing paperwork.

✓ Eliminate the need for redundant data entry.

All information is available across one platform, fully integrated with payroll. Only set up data once - and eliminate duplicate data entry which leads to mistakes.

✓ Empower employees with self-service tools.

New hires and current employees can easily submit, sign, and view information electronically.

- New hire forms submitted electronically
- Employees can access payroll details
- Customized fields allow employees to view/ change what YOU want them to (address, direct deposit account, tax withholdings, and more!)

✓ Automate manual tasks.

No more importing, exporting, stacks of paper, or approval bottlenecks. Set up workflows and reminders for new employees and their supervisors.
